### WHAT IS A FAREWELL DVD?

*Pageants 2 Go* was one of the first in the industry to offer these DVD keepsakes and helped coin the term "Farewell DVDs" back in 2004.

The perfect way to remember an amazing year, a Farewell DVD commemorates all of your hard work as Miss Titleholder. Let *Pageants 2 Go* create this special keepsake that will commemorate your reign long past your final moments as queen.

Simply send video clips, photos, text, and audio... whatever you want to see in your DVD. Most girls choose to include photos, video footage, background music, and voiceover narration in their DVDs.

### HOW DO I SEND MY PICTURES AND AUDIO?

**PHOTOS:** Photos must be sent digitally, either attached to an e-mail or burnt onto a disk. *P2G cannot scan hard copies of photos for you.* Remember, your DVD is a reflection of the quality of the photos you send... as such, please send the photos at the highest resolution possible. For a two minute farewell, I typically suggest sending a minimum of 30 photos and a maximum of 50 photos. Keep in mind that the duration your photos are shown for depends on how many you send and that video clips reduce the time available for photos.

**VOICEOVER NARRATION:** You will record audio via Sound Recorder which comes standard with most computers. Try clicking Start>Programs>Accessories>Entertainment>Sound Recorder. You're going to need a microphone to record - sometimes this is an external thing, other times it's built into your computer. Please make sure to keep your speech at the allotted time --- check your information to see how long your DVD is permitted to run! It is generally recommended to make your voiceover a few second shorter to accommodate any video clips you may like to include.

**VIDEO CLIPS:** You will need to either directly sending me the DVD, a copy of the DVD, or a recording of the portion you'd like on the Farewell burned to a DVD. Please let P2G know exactly what segments you'd like included in your farewell. Your DVDs will be mailed back to you when your Farewell DVD is shipped.
